

Plainview-Old Bethpage Central School District
106 Washington Avenue
Plainview, New York 11803

June, 2016

Dear parents, guardians, and incoming grade five students,

Summer reading provides an excellent opportunity for students to continue to enhance literacy skills developed throughout the school year. It is also an opportunity to engage students in reading for fun and at their own level of interest and ability. To this end, the Plainview–Old Bethpage School District is issuing a Summer Reading List to all middle school students.

Please make every effort to read as much as possible over the upcoming summer. It would be helpful to keep track of the titles and authors of books read to share with teachers upon the return of school in September. While we strongly encourage reading multiple titles, **students must read one book from the attached list and will be required to complete a writing assignment in September that will contribute to their first quarter average.** Please find an *optional* reading worksheet enclosed which can serve as a note-taking resource toward the first quarter assessment. While it is not a formal assignment, it will certainly help to assist students with their reading comprehension and the organization of their thoughts.

The Middle School teachers and librarians developed a diverse list from titles recommended by the American Library Association, professional journals, and the librarians at our local public library. We invite parents and guardians to carefully review the list in an effort to guide children in making appropriate selections in terms of text difficulty as well as the subject matter discussed. While a text might be appropriate in terms of its complexity, some books might address themes that some families see as too mature for a certain age group. If a student is not able to find an acceptable title from the grade-level list due to content or text complexity, please reach out to Jeffrey Yagaloff at jjagaloff@pobschools.org so an alternate plan can be set *in advance of the opening of the school year*.

The Plainview–Old Bethpage Public Library has received copies of our Summer Reading Lists and will be happy to help you select books. Public libraries provide a great opportunity to use computers, search the Internet, and socialize with peers. In addition, a link will be provided on the district's website to connect you with the 2016 statewide summer reading program, "On Your Mark, Get Set... Read!" For students interested in participating in summer reading contests, please visit the following links:

- <http://www.scholastic.com/ups/campaigns/src-2016>
- http://www.barnesandnoble.com/b/summer-reading/_/N-rs9

On behalf of the Plainview-Old Bethpage schools, we wish you a healthy and enjoyable summer. Please enjoy frequent visits to libraries and book stores. Make literacy, in all of its aspects, a part of the time you spend together this summer.

Ms. Eileen Annino Ms. Alice Bowman Mr. Christopher Donarummo Mr. Jeffrey Yagaloff

"Whenever you read a good book, somewhere in the world a door opens to allow in more light."
~ Vera Nazarian

10 Easy Ways to Get Children to Read this Summer

1. Get your child a library card at your local public library. It's free!
2. Sign your child up for Summer Reading at the local public library and enjoy free programs with fun activities, storytelling, reading contests, crafts and more.
3. Read with your child every day. Take advantage of "waiting" time to share books: on trips, at the doctor's office, in line at the grocery store.
4. Take a basket of books for reading breaks from the sun, water, and sand at the beach, lake, or pool.
5. Read on your own and talk to your child about what you're reading. Families who share reading experiences raise children who read well.
6. Visit the library every week and bring the whole family.
7. Need books in languages other than English? Ask a librarian!
8. Use the closed captioning during TV shows so children see the words as they hear them.
9. Keep a list on the refrigerator of the books everyone has read during the summer.
10. Discover the world by reading books from your local public library. Choose a subject of interest for the entire family, so that every family member can share what they have learned and share ideas.

For more information visit www.summerreadingnys.org

Summer Reading at New York Libraries is a program of the Office of Cultural Education in the New York State Education Department and is funded through the Federal Library Services and Technology Act, with funds awarded to the New York State Library by the Federal Institute of Museum and Library Services.

**Plainview-Old Bethpage School District
Mattlin & Plainview-Old Bethpage Middle Schools
