Attention Parents and Students!

Castle Learning Online is Now Available at Plainview-Old Bethpage School District

What is Castle Learning Online?
Castle Learning Online is a web-based instructional service that provides on-line review of courses in Mathematics, Science, Social Studies, English, and Foreign Languages for your children.

What can be done on Castle Learning Online?
- Create short answer sessions with access to thousands of questions in the course databases
- Work on assignments, which are sessions designed by a teacher
- Browse through the extensive vocabulary for the course or work on vocabulary flash card activities
- Engage in guided essay writing, DBQ, and constructed response activities

When and where can it be used?
Castle Learning Online can be accessed throughout the school year 24-hours a day, 7days a week from any computer connected to the Internet – at school, home, or in the local library to complete teacher assignments or to create student created review sessions.

How can a Castle Learning Online account be accessed?
1. **From the Internet go to: www.castlelearning.com**
   Under the section entitled "I have a Castle Learning Online ID" enter your child's *pob.nine digit student id* (No spaces – for example: pob.999777333)**.**
   Note: Student ID#s are indicated on your school id card.
2. **Password: leave the password blank** (You will be prompted to change your own personal password once logged in. Use the password you normally use when logging into the student network account you currently use at school)
