Reports

Board of Education Goals Update

Ms. Jill Gierasch reviewed four of the Board's goals.

Goal I – Data Analysis

At the Kindergarten Center we have IGDI's which is an indicator of growth and development. At the Elementary level we have Fountas and Pinnell Benchmarking. At the secondary levels we are analyzing student performance across all disciplines using Data Warehouse. District-wide we are monitoring Read 180/System 44 and we are providing comprehensive training for staff in data collection for IEP goals.

Goal III – Technology

Ms. Gierasch stated there is increased use of interactive whiteboards at the K-Center. We have had district-wide staff development in the use of smart boards, document cameras, Google Earth Movie Maker and SKYPE.

At the secondary level we studied the feasibility of the "Net Book" in the Middle Schools library media center. We also implemented the Castle Learning Pilot for grades 5-12. The goal of this implementation is to pilot the effect of utilizing 21st century web-based online resources to support student instructional activities inside and outside the classroom. Ms. Gierasch explained the Castle Learning Pilot.

We have implemented district-wide educational technology professional development initiatives.

Ms. Gierasch thanked all the teachers and administrators for all their efforts in these projects.

Discussion:

Mrs. Bernstein stated that the Castle Learning Pilot sounds like a great resource. She would like to know how much it costs now.

Ms. Gierasch stated it costs approximately \$18,000 each year.

Mrs. Rothman noted that the teachers have to benchmark three times a year. It is very time consuming. She asked if this is an issue in the classroom. Does this take time away from the class work.

Ms. Gierasch stated the first benchmark is a little longer. She noted that the information received from the assessment is invaluable.

Mrs. Pierno asked if the teachers and the principals both use the data warehouse.

Ms. Gierasch stated that both are using it.

Mrs. Pierno asked if the teachers are trained to use it.

Mrs. Schulman asked how many students exit from the Read 180/System 44 program.

Ms. Gierasch will get the numbers.

Mrs. Schulman asked what happens when a student exits System 44.

Ms. Gierasch stated they go into Read 180.

Mrs. Schulman expressed her concerns about students falling through the cracks.

Mrs. Schulman asked if there was training on behavior goals.

Ms. Gierasch stated there was. We had an outside trainer.

Goal IV – Writing

At the elementary level parental brochures were created that outline state standards and performance indicators. Grade three and four teachers have met to discuss the students' performances on the written portion of the 2009 pre-test.

Students in grades 6-8 continued with the Junior Great Books project. Grade 6-12 teachers were introduced to templates designed to scaffold the writing process. The focus on College Essays has been a two year goal. Teachers of 11th grade English begin to prepare the students with a working draft to be honed in the beginning of the senior year.

Ms. Gierasch noted that district wide more emphasis has been placed on modeling the writing process. We have also been trying to infuse writing instruction.

Goal VII – Academic Rigor

Ms. Gierasch noted that at the elementary level literacy coordinators in grades K-4 have outlined a framework of expectations in reading and writing. Work was done on strengthening the 7 and 8 grade research component. Teachers and administration are identifying required research skills in grades 5-8. High school teachers have been analyzing expectations.

Discussion:

Mrs. Lieberman asked about the articulation between schools and grades.

Ms. Gierasch responded.

Mr. Dempsey discussed the rigor challenges in the same buildings.

Mr. Bettan asked about the format of getting things done.

Ms. Gierasch stated the principals, assistant principals and teachers identify the skills. We have to analyze what we are doing. The teachers are the voice.

Mr. Cepeda thanked Ms. Gierasch for a very good report.

2. Project Challenge Committee Update

Ms. Gierasch commended the committee members for all their work. She discussed the goals of the program for third and fourth graders. She reviewed testing, teacher matrix forms, classroom performance, and standardized test results. She spoke of the admission review team. Ms. Gierasch noted that the current program has 162 students. The projected enrollment for the 2010-2011 school year is 173 students. We have two scenarios. In the first scenario we would keep the program as it ran this year which is a half-day program. In scenario two, the option would be to add additional staff which would allow the program to go to full days.

Mr. Dempsey stated that we have breakage positions. However, we may have multiple needs for these positions. He would like to wait.

Discussion

Mrs. Rothman has an issue with the schedule for the third and fourth grades. The reduced program concerns her. If we were to look at a six day cycle instead of a 5 day cycle, could we offer these students a full day program.

Mr. Dempsey stated that we would have to take into account the enrollment increase which would require more staffing.

Ms. Gierasch stated it wasn't much of a loss of services. It might have amounted to a loss of five days over the course of the year. There is a problem with space at the elementary sites.

Mrs. Lieberman questioned what the children lost when the full day program was reduced to a half day program. Is a two or two and one half hour program meeting the needs of the children.

Ms. Gierasch stated that the teachers don't feel the curriculum has been watered down.

Mrs. Schulman asked what the feedback has been from the families.

Ms. Gierasch stated that the parents advocate for more time.

Mrs. Schulman asked if elementary children spend time marking time.

Mr. Bettan stated this is a wonderful program. He noted that 20% of the 5th grade is in Project Challenge. He asked the long term cost of this program. He discussed entry criteria.

Mr. Dempsey stated that we have to talk about the target population. It is about redefining what the program is to do.

Mrs. Bernstein asked if we have done research to see what assessment we want to use. She would like to know where we are going.

Mrs. Pierno expressed her views that she feels like we are doing things backwards. We should decide who our target population is and then do the screening.

Ms. Gierasch stated we have to dig deeper to find the group we are looking for.

Mrs. Pierno asked how much we weigh standardized tests in the criteria.

Ms. Gierasch stated they have to be at high 3 in mastery on our ELA and math tests.

Mrs. Rothman would like to understand the goals of the program. We might want to get some other professional advice with a program like this. She expressed her views that we might have reduced the program. It doesn't have the depth it had in the past.

Mrs. Schulman expressed her views that there should be more enrichment for children who don't reach the Project Challenge level.

Mr. Bettan stated that if we are really thinking that 20% of our population is gifted, why don't we group our kids. We may be heading toward that.

Mr. Dempsey voiced his concerns about grouping that is permanent and rigid.

Mrs. Weinstein thanked Ms. Gierasch for her report.

Public Participation

Mrs. Holly Ash speaking on behalf of the Project Challenge population, read a statement from Project Challenge parents to the Board of Education that was written in 2008. She spoke against the reduction to the program. She noted that the District is not proposing increasing staff at this time. She would like another teacher.

Mrs. Mira Renof currently has a child in Project Challenge. She had a child in the program a few years ago. There is need for these children. A half day program is not sufficient. She compared this program to what her older daughter received and this program is lacking. It is not sufficient. She supports the need for three teachers.

Mr. Peter Sala has a child in Project Challenge. He does not support adding additional teachers. He believes the quality of the program is suffering. He stated that the bar should be raised and we would then have fewer students. He stated that we should make this a program for truly gifted students.

Mrs. Stephanie Nelkins asked questions about the Castle Learning System. She asked if the Castle program is being used as a replacement for pencil and paper. Is it being used instead of using other materials.

Ms. Gierasch stated that this is a pilot program. She does not see it is as being used to replace traditional instruction.

Ms. Jane Pace thanked Mrs. Weinstein on behalf of the average parent for all she has done for the children in Plainview-Old Bethpage.

Ms. Yan Gao thanked Mrs. Weinstein for all her work. She spoke of balancing the Project Challenge program.

Mrs. Nelkins asked if the Castle program has examples of work.

Ms. Gierasch stated it does.

Mr. Dempsey stated this is the very early stage of using this program. It is not meant to replace books or traditional instruction.

Ms. Nelkins likes the interaction between teacher and child.

Mrs. Ivy Chassen has two children in Project Challenge. The half day program is not enough. It barely scratches the surface. They need more time.

Resolved unanimously upon motion by Mr. Cepeda seconded by Mrs. Rothman that the Board of Education approve the Memorandum of Agreement between the Plainview-Old Bethpage Central School District and the Plainview-Old Bethpage Council of Administrators, Directors' and Supervisors' Association for the period July 1, 2009 through June 30, 2011.

2. Circulation Code of Conduct

Resolved unanimously upon motion by Mrs. Lieberman, seconded by Mrs. Rothman that the Board of Education approve circulation of the Code of Conduct for comments and/or changes.

Discussion:

Mr. Bettan stated that we have to educate the children. When Mr. John Halligan gave an assembly on the suicide of his son, Ryan because he was bullied, the children were very moved by this. It was very informative. Mr. Bettan stated that this is the type of educational material that we should be doing. We should start this education in the kindergarten class. Being a bystander is not acceptable.

Mrs. Pierno spoke of an incident at another high school where one child was taking inappropriate pictures of other children. She believes wording addressing something like this should be in the Code of Conduct.

Mrs. Lieberman stated that we do not define bullying behavior. We should be more specific. There are things that are missing.

Ms. Aloe will review the policy.

Mrs. Lieberman stated that we should make it an educational priority.

Mrs. Bernstein agrees with Mrs. Lieberman. We could be doing more through our health curriculum.

Board Announcements

Mrs. Rothman, along with other members of the Board, had the opportunity last week to attend the N-SSBA 50th Anniversary Dinner at which Diane Ravitch was the keynote speaker. It was a very interesting speech.

Mrs. Rothman stated that N-SSBA gives out a Distinguished Service Award every year. This year Gregory Guercio and John Gross were the recipients for their work on the certiorari tax suit that saved school districts millions of dollars. She thanked Mr. Guercio for his fine work.

Mr. Bettan was very excited to hear Diane Ravitch speak. The topic was very informative. He expressed his views that if we are going to be testing our children, we have to make sure we have good tests and that the children are learning. He recommended her book, "The Death and Life of the Great American School System".

Mrs. Lieberman stated that she and other Board members visited the High School and Mattlin Middle School last week. She spoke of the alternative education class they visited. It was wonderful to see the kids getting involved. They also visited the artifacts museum. It contains a treasure trove of things that belong to Long Island.

Mrs. Bernstein agreed with Mrs. Lieberman. She asked if perhaps next year the visitation to the high school could be scheduled at the beginning of the school year. They didn't go into several classes as these classes were reviewing for end of year tests. Everything they did see was amazing.

Mrs. Rothman stated that they got to see the Senior Learning Experience. This is an in depth involvement with career education and service learning. She stated that Plainview offers our children a very comprehensive education.

Mrs. Lieberman attended an ABA program in Mattlin Middle School. It was wonderful watching the growth development of these students. It was phenomenal.

Mrs. Lieberman stated that the kids discussed cyber bullying. They had terrific insight.

Mrs. Pierno stated that she attended Personal Best Day at Plainview Middle School. It was a terrific event. She also attended Career Day at Mattlin Middle School. It was a huge success. She attended the Pride Awards at Mattlin. It too was a wonderful event.

Mr. Cepeda attended the Old Bethpage picnic. It was a lot of fun. He attended the spring concert at Mattlin Middle School. It was wonderful.

Mr. Cepeda also attended the Honor Society Induction ceremony at the high school. He is very impressed with these kids. They are our future. We have a terrific population at the high school. He thanked everyone involved for all their efforts.

Mrs. Bernstein attended the high school 9th to 11th awards. On behalf of the Board of Education she thanked the students, their families, their teachers and administrators for a wonderful evening.

Mr. Bettan and Mrs. Pierno visited Plainview Middle School with Mr. McNamara. They saw collaboration across teams working on the same topic. We saw what Mr. McNamara is doing to make the building look better.

Mr. Bettan stated that the Memorial Day Parade was huge success. All Board Members attended. It was well attended by our community.

Superintendent's Announcements

Darlene Curran, a teacher at Mattlin Middle School had her class send letters to Senator Hannon regarding cyber bullying. He was very impressed with their letters and with the topic. He introduced legislation regarding cyber bullying. He will also visit our students and staff Friday morning to discuss this topic.

Ms Gierasch updated the Board on the achievements of our children and staff in all our schools.

Senior Citizen Recognition

Mr. Dempsey introduced Mrs. Rachel Staiano, the Director and the officers of the Senior Citizens' Club. He thanked them for all their efforts.

Mrs. Weinstein presented Mrs. Staiano with a plaque on the occasion of the Club's 20th anniversary.

Reports

1. English Language Arts

Ms. Gierasch commended Mr. Yagaloff for all his work on English Language Arts, K-12.

Mr. Yagaloff stated that Great Books has reached the high school. There was two days of training for the teachers. Our trainer from Great Books will be coming back next year. This spring, kindergarten through grade four will have read aloud text selections. In Grade 9-12 great focus was on personal narrative writing leading up to college application essays. In grade 3-8 he met with teachers a number of times to discuss the ELA Exams and Pre-Test.

Mr. Yagaloff discussed self-selection in grades 8-12. There was a mandatory staff development workshop on research writing at the high school. This summer there will be curriculum writing for kindergarten through grade 8. He spoke of the tests that mirror the state and national assessments.

Discussion:

Mr. Cepeda thanked Mr. Yagaloff for his report. He discussed 3-8 and 9-12 exams. He asked about assessments in our district.

Mr. Yagaloff stated we can look at specific skills and write specific curriculum to meet needs.

Mr. Cepeda stated that we really want to be above the State standard. We want to exceed the State's standard.

Mrs. Rothman thanked Mr. Yagaloff for his report. She discussed writing. She noted we have AIS for math and ELA. She asked if he feels we need to do more early on in writing.

Mr. Yagaloff stated that he does.

Mrs. Rothman asked if we need to look at this in an AIS format.

Mr. Yagaloff stated it can be done through AIS and the regular classroom.

Mrs. Pierno discussed interdisciplinary work. Do the teachers work with teachers in other department on the research paper.

Mr. Yagaloff responded.

Mrs. Pierno asked if we have looked at what other districts do.

Mr. Bettan favors a humanities approach. He doesn't know why social studies doesn't have a writing approach. We have to get the kids to put their thoughts on paper.

Mrs. Bernstein thanked Mr. Yagaloff for his comprehensive report. She expressed her views that it is great that we are more involved in the personal narratives. Are we looking to expand our personal writing.

Mr. Yagaloff responded.

2. Parent Portal & Website Update

Mr. Jonas stated the parent portal has been a goal this year and in the past number of years. He noted that we have made great strides in our new web pages.

Mr. Guy Lodico discussed website goals. We want to make it user easy. We want to expand it. He discussed the timeline for the discovery phase, design phase, development phase and the deployment phase. Next year there will be on going training.

Discussion:

Mrs. Weinstein asked if users will be asked for input.

Mr. Lodico stated it will be as inclusive as possible.

Mr. Lodico discussed the website editorial flow chart.

Mr. Jonas stated the plan is to get information on the website as quickly as possible. He discussed the website features.

Mrs. Pierno discussed broadcast alerts.

Mr. Jonas discussed the Infinite Campus portal. He spoke of the strides that have been made. We selected a pilot group at the high school. The whole idea is to open communication. We are hopeful to open the portal to our middle school parents and then to our elementary schools. He noted there is poor participation in the parent portal at the high school. He anticipates better participation in the middle schools and elementary schools. He thanked Mr. Murray and our administrators for continuing to announce the availability of the portal. Slowly parents are signing up.

Mr. Jonas, with the permission of the parents, logged on to a specific child's account to show what the parents see.

Discussion:

Mr. Cepeda thanked Mr. Jonas for guiding the Board through the portal. He asked what we are going to do to stimulate a positive response from the parents to the portal.

Mr. Jonas believes the middle school parents will be more responsive. We will continue to send letters home to the parents.

Mrs. Lieberman suggested that at Back to School Night we get information out to the parents.

Mr. Jonas is hopeful that as more information gets out, more parents will sign up. We will do workshops. This is the first stage of the parent portal.

Mrs. Schulman asked what has been the experience of other districts with the infinite campus.

Mr. Jonas stated it is about the same as ours.

Mrs. Pierno asked if we had more content, would more parents sign up. She would like to see more information available in the portal. She asked if we could e-mail messages through this.

Mr. Jonas stated we are not set up for that.

Mrs. Pierno stated that some schools have fees paid on line.

Mrs. Bernstein stated that this year we have begun to broaden our outreach to community members that might not speak English. Can we reach these parents by translating the portal into other languages.

Mr. Jonas stated we have the capabilities to translate some languages. But not all languages.

Mrs. Bernstein asked if we have the ability to stream live at events such as graduations or concerts. This would enable people to see the event if they can't get to the event.

3. Race To The Top

Mr. Dempsey discussed and reviewed the Race to the Top. New York State has applied for a RTTT grant. He discussed how the funds would be disbursed. He reviewed what the state wants. He spoke of data systems, evaluations, poor performing schools and charter schools. Parts of the program are confusing. All districts were asked to sign on to this program. He discussed the options to sign on. He spoke of the criticisms of the plan.

Discussion:

Mr. Bettan spoke of how displeased he is with the RTTT. He spoke of interference by the government. He spoke of the siphoning of funds by charter schools. He spoke of tests that are being watered down. We should exceed New York State goals. We are better than that. We should expect more from our children and teachers. He expressed his views that this is only about money. There comes a time when you have to say enough is enough.

Mrs. Lieberman understands where Mr. Bettan is coming from. Her problem is with charter schools. The kids in charter schools are hand picked. They are the brightest of the bright. She expressed her views that if the money was dispursed according to need, we would see progress. The money will come from our pockets.

Mrs. Pierno spoke of Ms. Diane Ravitch's discussion. She expressed her views that it doesn't make sense to evaluate teachers on tests that are poor.

Mr. Dempsey discussed charter schools.

Mrs. Weinstein stated that we will have to do many of these things anyway even if we don't sign on. If we sign on, we would get the funds.

Mr. Cepeda stated that we will be required to do many of these things. He knows the RTTT leaves a lot to be desired. There are aspects of it that are positive.

Mrs. Rothman stated that we will be mandated to do many of these things. We will need the money to do these things. She expressed her views that she resents vouchers and charter schools. But she can't not support RTTT.

Mr. Bettan stated that he respects everyone's views regarding RTTT. He believes that not a lot of money will not wind up in Plainview. We pride ourselves on the programs that we deliver. We already do many of the things outlined in RTTT.

Mr. Dempsey stated we always seek support. We will have to follow this program anyway. He expressed his view that the most compelling issue is the charter schools.

4. Overseas Field Trips

Mr. Dempsey discussed overseas field trips. He reviewed the Commissioner's decision on these trips. For the past two years we have not had overseas field trips. He is not asking the Board to take action tonight on whether to continue the hiatus.

Discussion:

Mrs. Weinstein discussed the education portion of trip that is paid for by the district.

Mr. Dempsey discussed the education costs and transportation costs. These trips would have to meet the standards of an educational trip. The high cost is not the education portion but rather the transportation portion of the trip.

Mrs. Weinstein discussed what the district would pay.

Mrs. Bernstein stated that we are legally only obligated to pay for the education portion. However, there are other costs involved such as chaperones, admissions to museums. In some cases, admissions to events are not a lot of the cost.

Mr. Bettan stated that this was an economic decision not only for the district but for the parents. He said the economy is worse now than it was two years ago.

Mr. Cepeda agrees. The economy has not recovered to the point where something like this would be feasible for the parents. Hopefully in the future, we can give this our support.

Mrs. Lieberman stated that she would like to see a breakdown of what a trip would cost.

Mr. Dempsey stated that it is almost impossible to do for a hypothetical trip. He does believe it could cost \$3,000.

Mrs. Weinstein polled the Board. There was no interest in pursuing overseas field trips at this time.

Public Participation

Mr. Sully Goldberg thanked the Board of Education for the birthday card they sent him. He congratulated the Board on passing the budget. He asked the Board to remember that senior citizens pay taxes and the economy is not getting better.

Ben Pagliaro, a student, asked the Board to discontinue the hiatus of field trips. He spoke of how wonderful these trips are and what students get out of them.

Joe Heny, a 2006 graduate, urged the Board to keep the Lacrosse Coach at the high school.

Paul Desime urged the Board to keep a particular coach in the high school next year so he could be his high school coach.

Brent Hebest, a former student urged the Board to keep the Lacrosse coach in the high school.

Nickolas Shaklus asked to Board to keep the Lacrosse coach at the high school.

Justin Patino urged the Board to keep the Lacrosse coach at the high school.

Cory Glassberg discussed the varsity tennis team coach. He requested that he be retained.

Mr. Ken Young, a parent asked that the tennis coach be retained.

Mrs. Ronny Glassberg, a parent, asked that the tennis coach be retained. She stated why it is so important that he be kept on.

Steve Seltzer urged the Board to keep the Lacrosse coach at the high school.

A student on the Lacrosse team asked the Board to retain the Lacrosse at the high school.

Ms. Robin Weiss, a parent of a tennis player, asked the Board to retain the tennis coach. She asked how a coach is selected.

Mr. Dempsey responded.

Mr. Jacque Wolfner had questions under Finance on the agenda. He requested an explanation of these items.

Mr. Jeff Roberts, a parent of a tennis player asked the Board to retain the tennis coach and the Lacrosse coach.

Mrs. Lieberman expressed her views that it is important for people to let the Board know how they feel about things.

Mr. Jon Mosenson, PTA High School President, stated that the Wellness Policy workshop was probably one of the most productive meetings ever. He hopes this continues.
