There were approximately 25 district residents and staff members present.

Mrs. Pierno called the meeting to order 7:45 at p.m.

The Pledge of Allegiance was recited.

Mrs. Pierno welcomed everyone to this evening's Board of Education meeting.

Mrs. Pierno requested a moment of silence in memory of those people killed in the Colorado Theater shooting, the Sikh Temple shooting and the six service people lost in Afghanistan.

Mrs. Pierno introduced Dr. Lorna Lewis, our new Superintendent and Dr. Timothy Eagen, our new Assistant Superintendent for Human Resources.

### Board Announcements

Mrs. Bernstein stated she and other Board Members had the opportunity over the last few weeks to tour the Summer Special Education program. They went to the Bar-B-Que, the talent show, the Flotilla and they watched a wonderful video of the program. Mrs. Bernstein stated that she is very proud of this program and very proud of our District for having a program such as this. Mrs. Bernstein noted that many of the aides are former students in our District and because of their involvement in this program they are planning on becoming teachers.

Mrs. Bernstein thanked Ms. Becker, Mr. Lasher and the entire staff for such a wonderful program.

Dr. Lewis stated that she too was very impressed with the summer special education program.

Dr. Lewis spoke of the very warm welcome she received from the community. She told of all the flowers that were sent and the basket of "goodies" she received from PTA. She thanked PTA and the administrators for their well wishes and expressed her feelings that she feels at home in Plainview. Dr. Lewis stated that the District's theme this year will be "Moving Forward Together". She also thanked the Board of Education for their good wishes.

Dr. Lewis was pleased to announce that all our schools are in good standing. A tremendous amount of work was done over the summer on curriculum for ELA, Math and Social Studies. Some curriculum was rewritten and some curriculum was "tweaked".

Dr. Lewis stated that APPR continues to be a challenge. Many of the people involved in APPR have been on vacation. She stated we are meeting next week and we will be moving forward. Administrators have selected rubrics. Dr. Lewis stated the District is pretty close and she is confident we will be able to submit our plan.

Dr. Lewis stated that with this evening's appointments we have all our staff in place. She thanked all the members of the committees for having given their time to serve on these committees. She introduced Dr. Tim Eagen, Assistant Superintendent for Human Resources, Rodney Olivari, Assistant Business Manager, James Bolen, High School Assistant Principal, Kimberly Ferina, Math Chairperson, Kim Christ, Assistant PPS Director and Tom Howard, Interim Physical Education Director.

#### Healthy Hunger Free Kids Act

Mrs. Pierno spoke of the Healthy Hunger Free Kids Act.

Mr. Ruf stated there will be changes to our current food program due to the new government guidelines. He discussed our menus. There are specific changes. Calorie limits will be based on the age of children. There is a greater emphasis on fruits and vegetables. There are a maximum number of calories. He stated that milk has to be the beverage on the tray. It is mandatory. Water will be available for purchase. He noted that the District is installing special filtered water fountains in all cafeterias. Students will be able to fill water bottles. We are continuing to finalize the menus.

Mrs. Lieberman asked what we plan on doing for children that are lactose intolerant or those that need gluten free foods.

Mr. Ruf stated that they need a doctor's note regarding the milk.

Mrs. Lieberman asked if they must take the carton of milk.

Mr. Ruf stated they did.

Mrs. Lieberman stated they then will throw it away. She would like the District to write to the State.

Mrs. Bernstein noted that when this topic was originally discussed, she had asked if we could have two different trash cans: one for the milk that was not used and one for garbage. Would it be possible to give the milk to an organization such as Island Harvest rather than just throw it away.

Mr. Ruf stated there are many problems involved with the donation of milk.

Mrs. Lieberman stated there may be children who would get two containers of milk. Can they give it away. She asked if the milk is 1%, 2% or fat free.

Mrs. Bernstein noted that at the previous meeting, the community had questions. Were they answered. Will there be cups available for water. She asked about the a la carte menu. Must a child buy a second lunch if they want more chicken McNuggets.

Mrs. Schulman spoke of an article she read in the NEW YORK TIMES with regard to the guidelines. She is very disturbed that we are not getting adequate guidelines from the State.

Mrs. Pierno asked how we are getting the message out to our families.

Mrs. Lieberman asked if we could do some sample menus so a parent can get an idea of what is being sold. She stated it is a new way of looking at this. However, it is not a thought out way.

Mr. Bettan asked if the milk on the tray was not taken out of the cafeteria could it be put back in our inventory.

Mr. Ruf stated that we are audited by the State. They would find issue with that.

## Reports

### 1. New York State Grades 3-8 Assessments

Ms. Gierasch presented an overview of the math and ELA results. She showed the percentage of students in levels 3 and 4. She compared Plainview-Old Bethpage results with Nassau County and the State. She spoke of the cut scores and the length of the exams. She noted that our emphasis this summer was to take feedback from teachers in grades 3, 5 and 6. In grades 7 and 8 we have implemented major changes. We have aligned these to the Common Core standards. Ms. Gierasch noted that math results have remained relatively flat. All the slides that are being shown this evening are available on our web site. Ms. Gierasch is confident that we will see a difference with our new math chairperson.

Ms. Gierasch spoke of the ELA and math cohort results. She discussed our “futuring” districts by grade level.

Mr. Bettan noted that in the 5<sup>th</sup> grade our ELA mastery level has significantly improved.

Mrs. Schulman discussed selectivity.

Mrs. Bernstein requested that once the District has all the information regarding changes, she would like the Board to be informed.

Mr. Bettan thanked Dr. Lewis and Ms. Gierasch for pushing our children. We can dramatically increase the number of children taking “stiffer” courses.

Ms. Gierasch stated we are very proactive. We are talking to parents about having their children take harder courses. She stated we will give the Board an update in the fall.

Mrs. Pierno expressed her concerns about the 7<sup>th</sup> grade ELA. Is there any way in which we can focus in on what they need. She asked if we could give them writing fundamentals.

Mrs. Pierno asked if we are making sure the program fits the child.

Mrs. Pierno thanked Ms. Gierasch for her report.

## 2. Summer 2012 Capital Updates

Ms. Parahus comprehensively reviewed the construction that is underway at POBJFK High School, Plainview Middle School, Stratford Road, Parkway, Pasadena, Old Bethpage and Mattlin Middle Schools. She discussed the boys’ and girls’ locker rooms at the high school. She spoke of the asbestos removal. Ms. Parahus noted that the Jamaica Avenue roof is holding up well.

Mr. Cepeda discussed his concerns with unforeseen expenses. Was there anything that could have helped us plan for the asbestos removal.

Ms. Parahus stated that she asked everyone to go back and see why this wasn’t found early on.

Mr. Cepeda asked if we have the right people partnering with us.

Mr. Ruf discussed the process on a particular project. He stated we are not allowed to spend money up front before the voters give authorization to spend money.

Mr. Cepeda stated it is very important to know up front what we should do. We need the best information possible.

Mrs. Lieberman asked Ms. Parahus to walk the Board through the process that is required to get a job done.

Ms. Parahus stated the design plans have to be approved by the SED. We go out to bid. We open the bids and we award the bid.

We have to give a letter of intent and she stated the summer is the busiest time.

Mrs. Lieberman discussed the work being done in the Principals' offices at Pasadena and Parkway schools. They have much work to do. She asked if these jobs will be done before school starts.

Mrs. Bernstein asked how long the abatement will take in the high school locker rooms and how long will it take to install the lockers.

Ms. Parahus stated the lockers will take anywhere from three days to ten days depending on how long the abatement will take.

Mrs. Pierno discussed the IT telephony. She asked the status.

Mr. Ruf stated it has begun.

Mr. Bettan asked Mr. Howard how he will be sharing information with families regarding the utilization of the locker rooms.

Ms. Parahus responded.

Mr. Howard plans on meeting with all the coaches so they understand how important it is to use the proper room. He will give athletes a letter to give to their parents setting up a meeting.

Mrs. Bernstein stated it is a great idea to communicate with the parents. She suggested perhaps the letter could be sent home to the parents rather than being delivered by the students.

Mr. Cepeda, on behalf of the Board of Education, thanked Ms. Parahus for her report.

#### Public Participation

Mrs. Cheryl Dender, PTA Council President, on behalf of PTA Council extended a formal welcome to Dr. Lewis and Dr. Eagen. She asked if the milk will be organic and, lactose free. Will chocolate milk be offered.

Mr. Ruf stated chocolate milk will be offered. He does not know about the organic or lactose free. He will talk to our food director.

Mrs. Dender asked about kids with allergies or have kosher needs. Will a note from a doctor be sufficient to have water on the tray. She asked if cups will be available on the start of school.

Mrs. Dender expressed her views that this information should be in the packets that are mailed home to the students. Perhaps it could include a sample menu. She wants to let the parents know exactly what they can expect. She asked that the information be put on our website.

Mrs. Schulman stated that parents with younger children in the District are less likely to use the website.

Mrs. Stefanie Nelkens discussed the test scores. She spoke of the website, "School Digger.com. She discussed the difference in scores of Mattlin and Plainview Middle Schools. She expressed her views that Mattlin students are performing at a higher level than Plainview Middle School students. She stated there are achievement gaps within the two schools. She asked how the District plans on bringing up the lower school.

Mrs. Pierno assured Mrs. Nelkens that each child's score is looked at.

Ms. Gierasch stated the comparison will be shared with the principals at the Leadership meeting.

Mrs. Jane Pace discussed the water. She asked what a child has to do to get water on his tray rather than milk.

Mr. Ruf stated a doctor's note is needed.

Mrs. Pace asked what will happen if a child did not have a doctor's note.

Mr. Ruf stated he will get milk.

Mrs. Pace asked if the cups will be in a sanitary container.

Ms. Lori Sackstein discussed the menu. She discussed the wording she has read.

Mr. Jacque Wolfner welcomed Dr. Lewis and wished her a successful tenure in Plainview. He asked for a complete explanation for several items on the agenda. He expressed his views that so much testing takes time from education.

Mrs. Kathy Rea, representing SEPTA, asked when the special education data for ELA and math will be available.

Suzala discussed the science tests. She asked when the grades will be sent to the parents. She asked if the milk that is offered will be hormone and antibiotic free. It is very important that there be no hormones and no antibiotics. She asked about writing help. She doesn't feel there is enough emphasis on writing. She feels there should be more. Suzala also discussed the difference on how the schools perform throughout the District.

Mr. Bettan stated that we have been trying over the past number of years to standardize the curriculum.
