### High School Update

Ms. XXX XXXXXXXX introduced XXXXX, next year’s high school representative. Ms. XXXXX read a poem she wrote recapping events over the past year at the high school.

### School Visits by Board Members

Mr. Bettan stated that the Board has visited many schools during the school year. They went in small groups and got feedback from the teachers and kids. He thanked all the principals for being so accommodating.

Mr. Bettan stated that he and Mrs. Bernstein visited the High School. The tour was very informative. They visited a co-teaching model. He stated they saw students interacting with teachers. They also saw an alternative ed social studies project done by a student who has had moderate successes. This project was wonderful and a stepping stone for students. On another note, they saw that the Master Schedule is almost completed. This is normally done during the summer.

Mrs. Bernstein stated that she and Mr. Bettan visited Mattlin Middle School a few weeks ago. It was a wonderful experience. She stated they had the opportunity to speak with Principal Dean Mittleman, and Assistant Principals, Tom Schwarz and Beth Torreano who shared many of the fantastic things that are going on in the building with an emphasis on the positive climate created by staff and students at Mattlin. She stated they began the day by visiting Mrs. Peat’s 5<sup>th</sup> grade class during their Book Talk. This is where students, in groups of five speak about a book they have read. They were asked if this process was more beneficial than the more traditional class discussion/book report. They responded very positively. They met with the Staff At Risk Student Team. Mrs. Bernstein was very impressed with the progress of the 8<sup>th</sup> grade ABA class they saw as well as their skills using the smartboard. They had the opportunity to observe a bullying skit. The students told them how being part of this has changed how they view bullying. Mrs. Bernstein stated that the visit gave insight into the teaching and learning that goes on in Mattlin as well as the positive climate that staff and students are working to create. She stated that visits such as this are very beneficial in their role as Board Members and hopefully the Board will continue them earlier in the year.

Mrs. Lieberman stated that she, Mrs. Pierno and Mrs. Schulman visited Plainview-Old Bethpage Middle School. They saw a lesson on the Civil War. The lessons were very thought provoking. The children took a test. Mrs. Schulman also took the test. Mrs. Lieberman stated they also saw a class on life skills. She noted that things we take for granted, these children are taught. It was a wonderful experience to see these kids. They also saw a production of "Oz, One Year Later". It was excellent. What came out of this production was conflict resolution. How you work together. She thanked the administrators and teachers for being so welcoming.

Mrs. Pierno stated that she and Mrs. Schulman visited Parkway School. They started in the first grade XR class. They saw a Foundation lesson which is a reading program. They went to Ms. O'Heir's first grade class and saw a lesson, "Guess Who". They also visited Mr. Beinert's 4<sup>th</sup> grade class to observe a math lesson. Mrs. Pierno stated they visited Ms. Stitt's 4<sup>th</sup> grade class. They were using smartboards in their science lesson. It was so interesting to see them work together. Mrs. Pierno noted that every lesson except the Foundation lesson used technology. She expressed her views that school climate is working in Parkway. She thanked the administrators and teachers for their hospitality.

Mrs. Schulman stated that on June 14, she and Mr. Bettan visited the Old Bethpage Elementary School. They visited ten classrooms. They saw Foundations at two different grade levels, visited an XR class, saw Read 180 in action, observed two social studies classes, a math lesson, and three classrooms that were using the Daily Five classroom management system. They got to see how the students had developed a vocabulary for talking about their reading and the different strategies they were using. Mrs. Schulman stated the kids were working independently or in groups. They were all focused on their reading activities and were following an established routine that they seemed to enjoy. She expressed her views that it was great to see the Foundations program at the different grade levels and in the different schools. It enabled them to see how the kids built on the vocabulary and skills they had learned in lower grades. Mrs. Schulman stated that they saw kids connecting poetry and art to the curriculum. They also saw rehearsals for the Wizard of Oz that other board members had the pleasure of attending. She extended her thanks to Ms. Gray and the staff of Old Bethpage for their hospitality.

Mrs. Schulman also extended her thanks to Ms. Paulette Miller and her staff for their hospitality.

Mrs. Rothman stated that she, Mrs. Pierno and Mr. Cepeda had the opportunity to visit the Stratford Road School. An electrical emergency occurred when they were there. She commended Ms. Clark, the Stratford Road staff and the Building and Grounds crew that went into immediate action. The teachers altered their lessons and learning went on. She stated they saw students preparing for their circus performance. This is part of the National Circus Project. She noted that this is adaptive physical education for our ABA students. They observed two teachers benchmarking with students while the rest of the class was working independently on a project. Mrs. Rothman discussed the Foundations Program that is currently offered in the first grade. It will be moving into the second grade next year. She spoke of what a wonderful program this is. Mrs. Rothman thanked Ms. Clark and the entire faculty for inviting the Board to see what they raise their hand for. She expressed her views that it is a valuable lesson for School Board Members.

Mr. Cepeda stated he had the privilege to visit the K-Center. He had a wonderful time seeing how technology is affecting the learning of the younger children. It gave him the opportunity to talk to the principal and discuss her vision for the K-Center.

Mr. Bettan, on behalf of the Board of Education congratulated all the above students, their parents, their teachers and coaches.

Mr. Dempsey urged everyone to complete the school climate survey.

A short recess was called at 8:45 p.m.

The meeting was reconvened at 8:53 p.m.

Public Participation

Mrs. Meredith Lewin asked who is responsible for maintaining the Fern Place School. She asked for a status report on the parking situation at the school.

Mr. Ruf responded that we replaced the roof.

Mrs. Lewin asked if this building will be maintained at the same level as other buildings in our district that house children.

Mr. Dempsey stated that we have had only one preliminary meeting with the Town of Oyster Bay. The Town has received the concerns of the school district.

Mr. Jacque Wolfner asked for an explanation of items on the agenda.

Mrs. Jane Pace asked the Board of Education to revisit the vending machines. She asked that the Board also revisit the health and wellness committee. She asked that parents be made a part of the bullying process. She thanked the Board for her daughter’s time in the high school. She extended her wishes for a healthy and happy summer.

Ms. Jennifer Federman expressed her concerns if the Kindergarten Center hours are changed. She stated that she can't believe it is even being discussed. There are the issues of the extra expense related to day care as well as high school students being able to secure jobs.

Mr. Dempsey stated that this issue was in early discussions. Over the years the Board has asked to equal the times of the two middle schools without cost. The discussions are very preliminary.

Mrs. Zoe Fryman spoke of how helpful the parent portal is. It would be equally helpful if tests dates and other work were available on the portal.

Mr. Dempsey stated we are continuing to use other features of the portal. Administratively, we are discussing the parent portal.

Mrs. Fryman expressed her views that it is only being used a small portion of what it could be used for.

Acting District Clerk

Approved: \_\_\_\_\_  
Gary Bettan, President

There were approximately 70 district residents and staff members present.

Mr. Bettan called the meeting to order at 7:45 p.m.

The Pledge of Allegiance was recited.

Mr. Bettan welcomed everyone to this evening's Board of Education meeting. He was pleased to note that we will be honoring our retiring staff members tonight. He stated that we will hear a report on the tax cap. He stated that it looks as though the 2% tax cap is coming. Mr. Bettan said that the "cap" could be and should be interpreted as a 0% tax cap. That is what the wording in the proposed law states. If the community votes down a budget, the district will have to adopt a budget at the same level as the previous year.

Mr. Bettan stated we will also hear reports on how the district did toward achieving the three Board of Education goals: (1) financial, (2) school climate and (3) raising academic standards. Mr. Bettan stated we will also hear a report by Ms. Laurie Lynn on plans for the high school guidance department next year. He stated our final report will be on changes in the RCT safety net. He noted that Regents Competency Tests give students a second chance to get their high school diploma. He stated that it appears these tests are being phased out.

Mr. Bettan, on behalf of the Board of Education, apologized for the length of the last Board Meeting. #### Superintendent’s Announcements

Mr. Dempsey discussed possible changes in the starting times of our schools. Mattlin Middle School has no zero period. Parents and PTA have asked us to look at this. Cost was a factor. The transportation director prepared a proposal to change the starting time of some schools. We are sharing information. We are not talking about September 2011. We might be considering September 2012. The proposal would cause the K-Center to start earlier and the high school to start later. It is a trial balloon discussion.

Mr. Dempsey spoke of the Senior Awards Ceremony on June 13 and the many scholarships being awarded that evening. He also discussed the moving up ceremonies that begin on June 15 at the Kindergarten Center and end on June 26 at the high school graduation.

Reports

1. Finance

Mr. Ruf discussed the tax cap. He stated it is a game changer. It takes away local control. It impacts quickly. If the tax cap were in place this year, the budget would be reduced by 1.5 million. The public would no longer vote on a budget. They would vote on a tax. There would be limited exemptions: 1) capital expenditures, 2) tort judgments 3) additions to the tax base. Mr. Ruf stated that unfortunately pension costs are not a real exemption. There is no mention of mandate relief. He strongly encourages people to get in touch with their representatives.

Mr. Jonas discussed the impact of the loss of ARRA funding.

Mr. Ruf discussed the impact of the increases in retirement contributions and health costs. He discussed the retirement reserve account that the district established. He reviewed our capital reserve projects that were funded through the Capital Reserve Fund.

Mr. Ruf stated that the District has worked with several law firms to support the pending litigation against Nassau County's plan to shift tax certiorari fees and sewer usage fees to school districts.

Discussion:

Mr. Cepeda stated at the meeting he recently attended, it was said that districts could have a 4% to 5% tax increase. He spoke to Assemblyman Charles Lavine about mandate relief. We will have to deal with it.

Mrs. Rothman asked if perhaps we should start our budget process earlier.

Mr. Ruf stated that all processes have to be looked at. You have to start backwards.

Mr. Dempsey stated we begin the budget process in October.

Mrs. Lieberman suggested that perhaps the Board should do a workshop. We have to look at years two and three to see how services are delivered.

Mrs. Bernstein stated that we began a process during the last budget cycle of assessing how various programs and services are being delivered. She would like to see this continue next year.

Mr. Bettan stated that this year we gave administration a job to keep the budget at a certain level. We then added to this bit by bit. We may have to make drastic choices. The deck is being stacked. He is worried about the zero tax cap. We might have to gut programs. He expressed his views that we have to call our senators and assemblymen.

Mrs. Pierno stated that we have to get community support. We have to let the community know the consequences of voting a budget down.

Mr. Cepeda discussed the sunset provision.

Mr. Cepeda thanked Mr. Ruf, the business office and other administrators for the fantastic job they have done.

Mr. Bettan thanked Mr. Ruf for the excellent job he did on the capital reserve fund and the manner in which he communicated this to the public.

We will be implementing a writing program. Ms. Gierasch discussed what was done in high school reading, math, social studies, science and ELA.

Ms. Gierasch reviewed student performance data and how we are adjusting programs to meet our expectations. She spoke of the enhanced curriculum for all special education students other than those working toward the IEP diploma. She also discussed the new Common Core requirements.

### Discussion:

Mr. Dempsey stated this is a status report.

Mrs. Schulman asked if Read About is being utilized.

Ms. Gierasch stated that teachers are familiar with Read 180. They are not familiar with Read About. We have to bring our teachers up to speed.

Mrs. Schulman asked how much is Castle Learning being used.

Ms. Gierasch stated we will provide a report on that to the Board.

Mrs. Schulman noted that when she and Mrs. Bernstein visited Pasadena, they observed a Foundation lesson. It was very nice to see that our students are so capable.

Mrs. Pierno asked if we could form an academic standards committee.

Mr. Dempsey responded.

Mrs. Pierno noted that we own licenses for math computer programs. Have we done an analysis of this.

Ms. Gierasch stated “not yet”. We have to revisit some of the math components.

Ms. Gierasch stated that we have to provide teachers with a rich curriculum.

## 2. Guidance Update

Ms. Lynn spoke of the 8<sup>th</sup> grade transition plan. She reviewed the three prong approach. She told of the 150 students who were trained to be mentors. She discussed scheduling and the visibility of counselors. Next year we will have a transition to electronic submission of documents to colleges. This represents a big change.

Ms. Lynn stated that with the addition of the new counselor the caseloads will now average 200 students, down from 225. Students and parents will have more time to meet with the counselors. There will be a formal 9<sup>th</sup> grade meeting for every student. The additional counselor allows more flexibility for the department to explore additional programming ideas. She stated each counselor has a liaison responsibility.

### Discussion:

Mrs. Schulman stated that transition can be very tough for special ed student.

Ms. Lynn stated that special education transition counselor could be very helpful.

Mrs. Pierno asked if we will be able to have individualized programming.

Ms. Lynn stated we did that.

Mrs. Pierno asked if we use Naviance.

Ms. Lynn stated you have to be on Naviance to send applications electronically.

Mrs. Bernstein commended Ms. Lynn for the changes. She requested an update next winter. She asked what would be covered at the 9<sup>th</sup> grade meeting with students and parents.

Ms. Lynn responded. Most important is that parents meet counselors.

Mr. Cepeda expressed his views that he would like to see our students continue to challenge themselves. Having a strong guidance department is critical to making that happen. He thanked Ms. Lynn.

### 3. RCT Safety Net Changes

Ms. Gierasch stated that the option to take RCTs will no longer be available for any student entering Grade 9 beginning in September 2011. She reviewed the requirements for a local diploma for all students with disabilities. She reviewed the requirements to appeal if a student fails a required Regents

### Public Participation
